The screenshot shows a web-based application interface. At the top, there's a navigation bar with tabs: 'Watch list', 'Add new user', 'Features', and 'Reports'. Below this, a sub-navigation bar includes 'Wait time' (which is active), 'Language selection', 'Visitations', and 'Departments'. The main content area displays a 'Wait time report'. It starts with a title 'Wait time report' and a description: 'This is report shows how long each visitor had to wait for appointment'. Below this, a summary states 'Average wait time for person is 8 hours 5 minutes'. A table follows, listing visitor names and their waiting times in hh:mm format. At the bottom, there is a search bar with the placeholder text 'Type text to find...' and navigation arrows.
